

Two Little Fishies C-Balance

Â Product Description:

This two-part calcium and alkalinity maintenance system adjusts calcium, magnesium, and strontium ions to Natural Seawater ratios, and achieves a balanced ionic residual. Makes replenishment of calcium and alkalinity easy, and keeps your calcium and alkalinity in perfect harmony, assuring the optimum conditions for growing stony corals and coralline algae.

Â Available Sizes: Two 500 ml (16 oz) bottles and two 946 ml (32 oz) bottles or as a concentrate in two 3785ml (1 gal.) bottles.
