Kent Marine Proscraper

Â

Product Description:
- Industrial quality ABS plastic/metal, ergonomically designed for the hand.
- Wonâ€™t scratch acrylic or glass like metal blades do!
- Soft enough to reach into and clean out previously scratched glass or acrylic.
- Will clean out algae that naturally grows in such scratches!
- Wonâ€™t cut the user, even if just carried in your pocket!
- Effective on even the most stubborn deposits!
- Designed for glass aquariums
- Rust Resistant
- Flexible 316 stainless steel for smooth scraping.
- Thick enough to be safe to use (will not cut flesh easily as a razor would)
- Yellow color to prevent confusion with plastic blade.

Metal / Plastic Blade for replacement is also available !
