Weiss Organics Bacter Boost

"Fully cycles a new aquarium
in two days "That's Right, Two Days!!!Boosts the biologicals of an established aquarium to maintain an ongoing cycle Organically breaks down solid and soluable wasteProduct Description: Bacter BoostTM is 100% organic. The quality nature of the formulation will not interfere with any of the other additives within the aquarium when added. A 6 oz. bottle will treat 600 gallons of aquarium volume. Bacter BoostTM provides the ability of the water to host an exponential growth medium for subcultures. These subcultures will provide a food supply for the larger macro cultures (fish, coral, etc.) These subcultures will also provide beneficial gasses such as O2 and CO2 proportionally.

When Bacter BoostTM is added to a new aquarium, 48 hours is generally the amount of time it takes to provide the necessary metabolic environment for the larger species.

When adding Bacter BoostTM to an established aquarium, it will fill in the missing blanks of the food chain through a process of water ion transfer. Filling in the blanks equates to an improved healthier environment.INGREDIENTS:
Vitamins: Ascorbic Acid, Beta-Carotene, Cyanocobalamine, Fluoride, Folic Acid, Histamine, K, Pyridoxin, Retinol, Ribofl avin, Thiamin
Minerals: Ca, Cr, Cu, Fe, K, Mg, Na, P, S, Se, Si, Mn, Zn
Derived from ferment of: Asparagus Offi cinalus (Asparagus), Camellia Sinesis (Black Tea), Cayenne Pepper, Citric Acid, Citrus Molasses, Cucurbitaceae (Pepo) (Green Pepper), Xanthan Gum, Yucca
