Seachem ParaGuard™

Â Product Description:
ParaGuardâ„¢ is the only fish and filter safe aldehyde based (10% by weight) parasite control product available. Unlike highly toxic and difficult to use formalin based medications, ParaGuardâ„¢ contains no formaldehyde or methanol and will not alter pH. ParaGuardâ„¢ employs a proprietary, synergistic blend of aldehydes, malachite green, and fish protective polymers that effectively and efficiently eradicates many ectoparasites (e.g. ich, etc.) and external fungal/bacterial/viral lesions (e.g., fin rot). It is particularly useful in hospital and receiving tanks for new fish and whenever new fish are introduced to a community tank.Types of Infections TreatedÂ ParasiticFungalBacterialViralParaGaurdDirections:
In the aquarium, use 5 mL (1 capful) to every 40 L (10 gallons*). Repeat daily as required as long as fish show no stress. For 1 hour dips, use 3 mL per 4 L (1 gallon*). Dips may be extended if fish show no evidence of stress.Available Sizes:
100 ml, 250 ml, 500 ml, 2 L, 4 L, 20 L
