

Ocean Nutrition - Tropical Wafers

NANO REEF CORAL FOOD Product Description:

Even wild caught fish will find this palatable sinking tablet (+/- 13mm) difficult to resist. These wafers guarantee excellent nutrition for omnivorous bottom-feeding fish such as loaches, catfish (Callichthyidae) and bottom-feeding barbs. The very thin edges make them easy for fish to nibble. The wafers are enriched with krill, sardine, Spirulina, wheat, kelp, alfalfa and yeast to provide the ultimate balanced diet for your fish. Feed only as much as your fish can consume in about two hours.

- Provides the vitamins, minerals and protein your fish need.
- Easily digestible.
- Easy to nibble.
- Made from the finest ingredients.

Fish meal, wheat flour, soybean meal, broken rice, salmon oil, kelp meal, alfalfa, brewers yeast, spirulina, krill meal, wheat gluten, mineral premix, lecithin, vitamins (stabilized ascorbic acid (vitamin C), alpha-tocopherol acetate (vitamin E), pantothenic acid, pyridoxine (vitamin B6), thiamine (vitamin B1), niacin, riboflavin (vitamin B2), folic acid, retinol (vitamin A), cholecalciferol (vitamin D3), biotin, cyanocobalamin (vitamin B12), menadione sodium bisulfite (vitamin K3)), select amino acids (DL-methionine, L-lysine, taurine) and preservatives (calcium propionate, potassium sorbate, ethoxyquin).
