Ocean Nutrition Frozen Formula Food - Brine Shrimp Plus

Â Product Description:Fish love the flavor of Brine Shrimp Plus so much that they may jump out of the tank for it! When this product is used, seafood juices are released into the aquarium water and help to trigger the exciting feeding response. Also the juices contain tiny particles of food which provide an excellent food source for "filter feeding" invertebrates in a miniature-reef aquarium. Please read our list of ingredients and then try it on your tank to see for yourself.
Â Ingredients
(Marine shrimp, enriched brine shrimp, marine clams, squid, zoo-plankton (E. pacifica and E. superba), spinach, fish oil, mussel, green algae, astaxanthin, canthaxanthin (for color enhancement)).
