

Dymax Protein Skimmer In-Sump IS Series

Â

Product Description:

Dymax IS skimmer are built for performance with unprecented precision to detail. Cell-cast acrylic body and clean molded connection parts make it a unit that will provide years of outstanding performance. The collection cup is easy-to-remove and has a rubber grommet connection assembly that ensure a snug fit. A fully adjustable flow valve completely allows you to control the water height within the skimmer body-maximizing foam collection.
