

Ocean Nutrition - AROWANA GOURMET

AROWANA GOURMET Product Description:

An ideal diet for arowanas consisting of three types of food in a can. A consistent natural diet, parasite free and specially tailored to meet the needs of all arowanas. Promotes health and improves coloration. The total package is intended as the normal feeding diet for one Arowana (typical size of about 30cm) during one week. Feed several times per day. Can be stored at room temperature as long as the can has not been opened. Once opened must be kept refrigerated.

- Ideal feeding regime consisting of three types of food. The regular use of all three types provides a balanced and varied diet for Arowanas.
- Perfect sizing (fish shaped), ideal for the Arowana to grab and swallow, easy for precise dosing. The food can be cut with a clean knife or clean scissors for juvenile fish.
- Only high quality nutrients have been used. Enriched with vitamins and color enhancers (Spirulina, carotenoid pigments). This diet boosts health, improves coloration and keeps your fish in mint condition!
- Completely sterile, no preservatives used. Safer and more convenient than live or frozen food. Dry weight is comparable with live fish food.
- Canned to guarantee freshness and easy acceptance by most Arowanas. Does not cloud the water. Â Ingredients
